About Yokohama

An exotic international city with 160-year-history
since the port has been opened
The largest city in Japan
with population of 3.7 million

Yokohama, the capital city of Kanagawa Prefecture, is the largest city in Japan with population of 3.7 million. You may enjoy the landmark building with observatory, art gallery, attractions of shopping and food here in Yokohama. Exotic fascination can always be found here with the beautiful seas and ports.

Yokohama, the capital city of Kanagawa Prefecture, lies on the south of Tokyo.

With convenient transportations, Yokohama can be reached directly from each airport by trains or taxis.

About Arts College YOKOHAMA

👍 Japanese students also study in our school and have a history of "school legal person"

Started in 1983, we made an enormous achievement in education and career development area by for local students. In 2012, we set up specific courses for international students, including Business Japanese, Adaptability of Japanese culture, Professional Skills and Knowledge Education etc., Also, helping international students with their working visa has been one of our efforts.

👍 5 Majors and 8 Courses! Graduates from Japanese Course in our school are extremely welcomed to a further study.

For international students, we are devoted to sharing the idea of "Technology makes a better future", helping the students to build up a better future by becoming a game creator/designer or an IT engineer. International students, according to their strength, may extend their professional skills in our school after passing the Japanese courses.

Special Lectures

You may choose any one of the special lectures which would help you with your education and career.

Design

Getting a better understanding of Role Conception by being a part of the team or giving lectures.

Game Exhibition

Visiting the 「TOKYO GAME SHOW」, the largest game show in Japan every year, to participate the most advanced game show and experience the latest games designed by senior students.

IT

IT skills which are necessary for students to work in Japan, such as Microsoft of Windows, Office and Japanese input etc..

Business Japanese

Acquiring skills for working in Japan such as business manner and reception from our professional lecturers.

Speech Contest

We encourage the international student to participate speech contests, which is held by Japanese language schools and specialized schools in Yokohama. Participating in the speech contests is a great honor, and the students will be rewarded as excellence.

Japan Business Ability Qualification Exam

For deeper understanding of Japanese culture and business habits, this exam held by Japan Business Ability Authorize Association (JBAA) would be a good challenge.

Visiting Scenic Spots

Visiting famous spots in Yokohama allows students to get closer to Japanese culture. Kamakura Buddha, Enoshima, Odawara Castle, Hakone Shrine, Ashinoko etc..

Japanese Tea Ceremony

Experiencing this traditional Japanese culture with a history of more than a thousand years by enjoying it with Japanese snacks, to learn the manner of hospitality.

Socializing

Joining to the vibrant Japanese local community temple fair, dressing like them, lifting the sedan and, cleaning the streets with them helps international students to socialize and experience the real Japanese culture.

Support

Life, work, visa, career / further education Counseling

For an enjoyable and fulfilling journey in Japan, we provide students with all kinds of supports such as student life, part time job information, and support for various types of procedures. Career/Further education will be made to senior students by professional instructors. For those who wish a further education, we would try our best to help to find the best choice.

Dormitory

We provide apartments close to our school as student dormitory whose single rooms share the same size as double, including kitchen, bathroom and toilet. The cost is about 40,000 JPY to 47,000 JPY a month.

Interviews with Graduates/Current Student

Vietnam

CAN THANH HA
Graduated in 2019

Bridge IT engineer

I joined the school because of my interest in IT and I passed JLPT N1 during school. I'm currently working at an IT company in Yokohama as an IT engineer I will have opportunity to work on projects facing Vietnam in the future.

Vietnam

LE THI TANH RAM
Admission in 2019

Hoping to contribute to the development of Vietnam by learning about trade.

I want to work in a Japanese company that trades with Vietnam in the future. I came to Japan because I believe I can contribute to my country by studying Marketing and International Accounting.

LIU CHUN JOU
Admission in 2018

Enjoying the life in Japan and planning to live in Japan for a long time.

I came to Japan because animations and Japanese songs make me want to know more about this country. I made friends here and I'm enjoying my life. I succeeded in working at the IT company that I dreamt about with the help and support from my professors.

Taiwan

ZHANG CHUANYU
Admission in 2018

Enjoying challenges in Japan!

I managed to make my way to work in Japan thanks to my professors, even though they were very strict to me. I got to know a different Japan while I live here and I won't stop challenging.

China

Nepal

BHUJEL JIT BAHADUR
Admission in 2019

My priority is learning Japanese.

As we all known, working in Japan requires more than speaking Japanese, understanding Japanese culture and business manner also plays an essential part of it. Now that I've passed JLPT N1, my next goal is to keep learning Business Japanese.

Sri Lanka

MIRIHAGALLA KAMKANAMLAGE BUDDHINI MALSHA MIRIHAGALLA
Admission in 2019

Living up to my determination and efforts

I'm trying my best to talk to my Japanese friends in native Japanese every day, trying to apply every new word I learned to the conversation and I'm totally enjoying it.
